**Under the agreement for 2015**

Kindon State School will receive

*Estimated on 2014 data. Actual funding will be determined after 2015 enrolment data is finalised.*

This funding will be used to:

- Raise our students’ achievement in NMS and U2B in literacy and numeracy.
- Ensure all Year 3 students reach NMS in literacy and numeracy and then improve to U2B.
- Develop evidence-based plans for those students at risk of not achieving NMS.
- Improve teacher capabilities, through professional development and focused feedback, to achieve improved student outcomes.

Our strategy will be to:

- Use an on-going process of identifying student’s current achievement level, determining the student’s future learning needs, teaching to these needs, re-assessing effectiveness of the teaching strategy and then embarking on the next learning cycle.
- Review student data on a fortnightly cycle to adjust curriculum, resources and pedagogy.
